NEW YORK STATE BRIDGE AUTHORITY
REQUEST FOR PROPOSAL

INDEPENDENT ACCOUNTANT SERVICES
For The Years Ended

Contract BA-2011-OA-016PS
July 7, 2011
A. Background Information

1. The New York State Bridge Authority

The New York State Bridge Authority (the Authority) is a public benefit corporation, created in 1932 and existing pursuant to Title 2 of Article 3 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended. This act provides that the Authority shall continue its corporate existence and operate and maintain its designated bridges so long as it shall have the bonds or other obligations outstanding and until its existence shall be terminated by law. Upon cessation of the Authority, all its rights and properties shall pass to the State of New York.

The Authority operates and maintains five bridge facilities (namely, Rip Van Winkle, Kingston-Rhinecliff, Mid-Hudson, Newburgh-Beacon, and Bear Mountain) and has its headquarters office in Highland, New York.

The Authority’s fund structure is established in accordance with Article V, Section 5.02 of the General Revenue Bond Resolution dated December 19, 1996. All monies are transferred to such funds in accordance with terms outlined in the bond indenture, and with the exception of the operating fund, held in depository by the designated Trustee.

On January 22, 1997, the Authority issued $49,015,000 of General Revenue Bonds, Series 1997 primarily to provide funds to finance a portion of the costs of the 1997 project, which consists of certain rehabilitation and reconstruction projects for the bridge system, and to provide payment at, or in advance of, maturity of the outstanding Series 1989 and Series 1992 bonds. On March 7, 2002 the Authority issued an additional $50,000,000 General Revenue Bonds, Series 2002 principally to provide funds to finance a portion of the costs of the 2002 project, which consists of certain reconstruction and rehabilitation projects for the bridge system.

2. Governing Body of the Authority

The corporate governing body of the Authority is a Board currently consisting of six members. The members are appointed by the Governor, with the advice and consent of the State Senate, for staggered terms – one expiring each year. The members receive no compensation for their services.

The many of the current members are residents of the six county area primarily served by the Authority. These counties are Columbia, Dutchess, Westchester, Greene, Orange, and Ulster. A Chairman is elected annually by the members of the Board.

The Authority Board has designated, from among its members, an Audit Committee, which, among other duties, is tasked with recommending to the Board the appointment, replacement and compensation of all public accounting firms and internal auditors.

3. Characteristics of the Authority’s Financial Operations

The primary revenue source of the Authority is the collection of tolls for the use of its five bridge facilities ($37.7 million in 2010). Approximately 99% of the Authority’s revenues in 2010
were generated from toll charges. The majority of the remaining revenue comes from the interest income on fund investments.

Operating expenses for 2010 amounted to approximately $39 million. The largest expense, $12.9 million, was incurred for rehabilitation, replacement and reconstruction of the Authority’s existing bridge facilities. Other significant costs included salaries and benefits of $18.2 million, $3.2 million for electronic toll costs and $1.4 million for insurance. Also provided for was $8.2 million in principal and interest on outstanding bonds.

The work force consists of approximately 140 permanent, 60 temporary, and 50 seasonal employees serving the Authority in management, toll collection, maintenance, engineering, and information technology positions. Additional information on the Authority, including recent annual reports and financial statements can be obtained on its website at www.nysba.net.

B. Nature of Services Required

The following services are required to be included in your proposal:

1. Audit of Financial Statements
   a. An examination of the financial statements of the Authority as of and for the fiscal year ending December 31, 2011 and each of the next two successive fiscal years in accordance with generally accepted government auditing standards and the rendering of an opinion as to whether such financial statements present fairly the financial position of the Authority in conformity with generally accepted accounting principles (GAAP).
   b. Issuance of an accountant’s certificate stating that, in examining the financial statements, no knowledge of any default in the fulfillment of any of the terms, covenants, or provisions of the Bridge System Bond Resolution was obtained, or if knowledge of any such default was obtained, a statement thereof.
   c. Issuance of a management letter based on the examination of the financial statements consisting of the following:
      i. Recommendations and observations which may have a significant impact on the operations of the Authority including operational inefficiencies discovered by the auditor.
      ii. Identification of material weaknesses, if any, in internal accounting controls.

2. Compliance Report on Investment Procedures
   a. As an extension of the audit of financial statements, the proposer must perform such additional work considered necessary to provide a separate
compliance report on the investment practices of the Authority and their compliance with the Authority’s Investment Policies and Procedures and the Investment Guidelines of the Office of the State Comptroller, as well as any other applicable laws, regulations, or other guidelines. This examination should include an internal control review of investment transaction processing to determine compliance with established procedures.

b. The compliance report should include the following:

i. a description of the scope and objectives of the audit;

ii. a statement that the audit was made in accordance with generally accepted government auditing standards;

iii. a description of any material weaknesses found in the internal controls;

iv. a description of any non-compliance with the Authority’s own investment policies as well as applicable laws, regulations and the State Comptroller’s Investment Guidelines;

v. a statement of positive assurance of compliance on the items tested and negative assurance on those items not tested; and

vi. a statement on any other material deficiency or finding identified during the audit and not covered in (v) above.

c. The investment compliance report is to be provided in conjunction with the examination of the financial statements for the fiscal year ended December 31, 2011 and is to be updated for each of the next two successive fiscal years.

C. Proposal Requirements

1. Maximum Fee

The maximum fee for this engagement shall be the sum of a not-to-exceed amount for the Independent Accountant’s proposal for personal services plus a not-to-exceed amount for the Independent Accountant’s proposal for out-of-pocket expenses. The maximum fee shall be detailed in the proposal showing:

a. Estimated staffing by levels, estimated hours and rates per hour.

b. Actual and necessary travel, subsistence and other out-of-pocket expenses incurred in connection with the services performed under the agreement, as approved by the Authority pursuant to the prevailing “Travel and

NYS Bridge Authority
Request for Proposal

Independent Accountant Services

This maximum fee should be outlined in the fee schedule section for the audit calendar years ending December 31, 2011, December 31, 2012 and December 31, 2013.

2. Additional Services

The successful proposer may receive additional assignments from the Authority from time to time for related services. In the event such additional services are required, it is understood the fees for such services will be at the same rates contained in the proposal and in effect at the time of such request. A statement to that effect must be included in the proposer’s submission.

3. Experience

The audit staff assigned to the annual examination should be supervised by individuals familiar with and experienced in the examination of governmental agencies and the accounting and auditing principles, practices, procedures, and methods of Public Benefit Corporations. The proposal should include the qualifications of the individuals responsible for the supervision of the examination and should provide a list of Public Benefit Corporations and State or Local Governmental clients which is representative of the firm’s experience in these areas.

4. Other Requirements

All submitted proposals must be typewritten and signed by a member of the proposing firm duly authorized to execute contracts on behalf of the firm.

Certification shall be included stating that the firm is properly licensed for public practice and are certified public accountants in the State of New York.

D. Terms of the Contract for Services

The Authority expects to award three one-year contracts covering the previously described services. The Authority will also retain the option to extend the contract for two additional one year periods at substantially the same terms.

E. Assistance Available

1. Authority Assistance Available

A detailed working trial balance worksheet will be provided for use in performance of the year end audit. A list of audit schedules should be developed during the audit planning phase and presented to the Authority. All required audit schedules will be prepared by the Authority’s staff. Audit field work will be performed by the Authority’s internal audit contractor and will be available for review and testing by the auditors.

Annually, among other audits, the Authority’s Internal Audit Department performs an internal control review vulnerability assessment and full scope operational audits in the following areas:

NYS Bridge Authority Request for Proposal

Independent Accountant Services
Toll Revenue
Payroll
Purchasing/Cash Disbursements
Construction Contract Administration
Business/Travel Expense Reimbursements
Cash and Investments

Accounting and Operations staff will be available to provide system documentation, walk-throughs, system reports, etc.

All requests for assistance should be directed through the Authority’s Treasurer. The use of firm developed or provided audit software may be allowed, if agreed upon, in advance, by the Authority.

2. Assistance Available from the Current Independent Accountant

The “Audit of the Financial Statements” and all other required reports have been performed in recent years by Toski, Schaefer & Co., P.C., 555 International Drive, Williamsville, NY 14221. If requested, the Authority will authorize Toski, Schaefer & Co. to fully respond to all inquiries from the successful proposer and to allow a review of audit work papers related to these services.

F. Timing of Audit Work and Reports

1. Audit of the Financial Statements and other required reports.

The Audit of the Financial Statements and other required reports shall be completed and available to the Authority Audit Committee by March 15th following the year ended December 31.

2. Report Draft

A preliminary draft report for all audits conducted under this agreement must be discussed with and approved by the Audit Committee prior to the above dates.

3. Audit Work Plan

For each category of service provided, the Independent Accountant must submit a detailed audit work plan consisting of time schedule, staffing assignments, and a list of any Authority prepared audit work schedules. The initial audit work plan should be received by the Authority no later than first week of January.

G. Other Requirements

1. Insurance

The successful proposer is required to have Workers’ Compensation insurance for the term of the contract and must furnish to the Authority satisfactory proof of this insurance.

2. Performance
This contract is not assignable and the use of a subcontractor is prohibited without the written approval of the Authority.

3. Payment by Invoice

The Authority will reimburse the firm for services provided following submission of invoiced charges to the Authority. The invoice should contain a description of services provided, itemization of personal service cost by title and number of hours billed. Also, a full detailed description of other out-of-pocket expenses incurred, with receipts, if required by Authority travel and expense guidelines, shall be submitted.

4. Minority and Women Owned Business Enterprises Participation

This contract will be awarded subject to the provisions of Article 15A of the New York State Executive Law and Part 540 et seq. of Title 9 of the New York Code of Rules & Regulations. As stated therein and acknowledged by the proposer, it is the purpose of this contract to encourage the participation of certified minority and women owned businesses in the procurement of goods and services by the Authority.

The firm, by proposing on this contract, acknowledges its understanding of this policy. The firm is encouraged to assist the Authority in the implementation of this policy by taking appropriate steps in situations under its direct control to use minority employee subconsultants, subcontractors, and/or suppliers in the completion of the contract. However, no minority or women owned participation goals are set for this contract.

H. Contractor/Offerer's Disclosures

It is mandatory that each proposer submit, along with their proposal, all forms required with the NYS Bridge Authority's standard contract disclosures Forms A-1, A-2, A-3, B, C, D, & E.

I. Work Paper Retention and Availability

Work papers developed in conjunction with these audits must be retained by the firm for a period of not less than seven years and be available upon request for examination at no additional cost by State and Federal agencies.

J. Adherence to Specifications

The entire proposal is understood to be in accordance with the specifications of the Request for Proposal (RFP), unless the proposer explains otherwise in detail. The Authority reserves the right to request clarification and additional information if deemed necessary.

K. Evaluation Criteria

Each proposal will be evaluated by the Authority according to, but not limited to, the following factors which may not necessarily be in order of importance.

Experience of the audit staff
Firm’s performance with the Bridge Authority and other similar clients
Client list with the same professional services as outlined in this proposal
Hourly rate of pay per staff
Total cost proposed
Contractor/Offerer’s disclosures (Attached Forms)

The Authority reserves the right to incorporate other evaluation criteria which, in its judgment, are necessary for selecting the best proposal.

The Authority reserves the right to reject any and all proposals submitted and/or to request additional information from any and all proposers. Notification of the award is scheduled to be made on or about August 18, 2011. The Authority reserves the right to extend this date if additional clarification is needed, or for whatever reason, in order to allow a decision-making process in the best interest of the Authority.

L. Termination

1. The Authority reserves the right to terminate this agreement. However, prior to taking such action, the Authority shall notify the firm in writing no less than 30 days prior to termination.

2. More specifically, the Authority reserves the right to terminate this contract in the event it is found that the certification filed by the Contractor/Offerer in accordance with New York State Executive Order Number 127 or State Finance Law Section 139 was intentionally false or intentionally incomplete. Upon such finding, the Authority may exercise its termination right by providing written notification to the contractor.

3. The Authority reserves the right to postpone, delay, suspend, or abandon all or any part of an assignment with seven (7) days written notice.

In the event of a termination or abandonment, the firm shall deliver to the Authority all reports and other data and records pertaining to the assignment and the Authority shall pay to the firm all reasonable amounts earned up to the effective date of such termination or abandonment. Except as expressly provided in the previous sentence, such termination, postponement, delay, suspension, or abandonment shall not give rise to any claim or cause of action against the Authority for damages, extra compensation, or for losses of anticipated profits.

M. Submissions

Submissions must be provided in duplicate, signed by an authorized representative of the firm and received by Brian Bushek, Treasurer of the New York State Bridge Authority at the Authority’s Headquarters Office, Mid-Hudson Bridge Plaza, Highland, New York 12528, no later than 4:00 p.m., August 5, 2011.

N. Authority’s Rights and Prerogatives

1. The Authority reserves the right to exercise the following prerogatives:

a. To accept or reject any or all proposals.

b. To correct any mathematical errors in the proposals.
c. To adopt as the Authority property, all submitted proposals and to use any portions thereafter unless specifically noted as proprietary by the submitting firms.

d. To change proposal due dates.

e. To accept or reject any of the Auditor’s employees assigned to this relationship and to require their replacement at any time.

f. To modify the Request for Proposal (RFP) at any time before the award is made, if such action is in the best interest of the Authority.

2. By submitting a proposal, the proposer covenants that they will not make any claims for or have any right to damages because of any misinterpretation or misunderstanding of the specifications or because of any lack of information.

3. The contract award is subject to the availability of funds.

4. Prospective proposers shall not discuss this RFP or responses to it with any Authority employees or officers who have any responsibility hereunder other than the Audit Committee or Treasurer or persons designated by the Audit Committee or Treasurer.

5. New York State law requires that a proposal shall not be considered for award if the price in the proposal was not arrived at independently without collusion, consultation, communication, or agreement as to any matter relating to such prices with any other proposer or with any competitor. In addition, the proposer is generally prohibited from making multiple proposals in a different form, i.e., as a prime proposer or as a subcontractor to another prime proposer.

   The proposer must include a statement in the proposal describing all actual or potential relationships which may be considered to be a “conflict of interest.” The “conflict of interest” will be taken under consideration by the Authority Proposal Evaluation Committee. The committee’s determination of a disqualifying “conflict of interest” is final.

6. The Authority reserves the right to meet with selected proposers prior to the designation of a best qualified proposer, to accept or reject any proposal, to enter into negotiations with any of the proposers designated best qualified in order to determine satisfactory terms and conditions of a final contract, and to end such negotiations, at its discretion, and to designate and commence negotiations with an alternative best qualified proposer.

7. The Authority shall not be obligated for any costs incurred by the proposer in proposal preparation or in activities related to the review the proposal.

8. The Authority’s Audit Committee will recommend to the Authority Board the name of the proposer or proposers they believe best qualified to provide the services required. Total discretion to designate the best qualified proposer and to award or refuse to award a contract, however, remains solely with the Authority Board.

## STATE OF NEW YORK VENDOR RESPONSIBILITY QUESTIONNAIRE

For questions 18 - 29, a detailed explanation is required for each question answered with a "Yes", and must be provided as an attachment to the completed questionnaire. You must provide adequate details or documents to aid the New York State Thruway Authority/Canal Corporation (NYSTA/CC) in making a determination of vendor responsibility. Please number each response to match the question number.

### 18. Is the vendor certified in New York State as a (please check):

- ☐ Minority Business Enterprise (MBE)
- ☐ Women's Business Enterprise (WBE)
- ☐ Disadvantaged Business Enterprise (DBE)

*Please provide a copy of any of the above certifications that apply.*

### 19. Does the vendor use, or has it used in the past ten (10) years, any other business name, FEIN, DUNS or D/B/A other than those listed in items 2-4 above?

☐ Yes  ☐ No

*List all other business name(s), FEIN(s), DUNS(s) or any D/B/A names and the dates that these names or numbers were/are in use. Explain the relationship to the vendor.*

### 20. Are there any individuals now serving in a managerial or consulting capacity to the vendor, including principal owners and officers, who now serve or in the past three (3) years have served as:

a) a full or part-time employee at the NYSTA/CC or a New York State agency, or as a consultant, in an individual capacity, to the NYSTA/CC or a New York State agency?

☐ Yes  ☐ No

*List each individual's name, business title or consulting capacity, New York State agency name (if applicable) and employment position with applicable service dates.*

b) If yes to item #20a, did this individual perform services related to the solicitation, negotiation, operation and/or administration of public contracts for the NYSTA/CC or a New York State agency?

☐ Yes  ☐ No

*List each individual's name, business title or consulting capacity, New York State agency name (if applicable) and the consulting/ advisory position with applicable service dates. List each contract name and assigned contract number.*

### 21. Within the past five (5) years, has the vendor, any individuals serving in a managerial or consulting capacity, principal owners, officers, major stockholder(s) (10% or more of the voting shares for publicly traded companies, 25% or more of the shares for all other companies), affiliate or any person involved in the bidding, contracting, or leasing process:

a) i. been suspended, debarred or terminated by a local, state or federal authority in connection with a contract or contracting process;

☑ Yes  ☐ No

ii. been disqualified for cause as a bidder on any permit, license, concession franchise or lease;

iii. agreed to a voluntary exclusion from bidding/contracting;

iv. had a bid rejected on a NYSTA/CC or a New York State agency contract for failure to comply with the MacBride Fair Employment Principles;

v. had a low bid rejected on a local, state or federal contract for failure to meet statutory affirmative action or M/WBE requirements on a previously held contract;

vi. had status as a Women's Business Enterprise, Minority Business Enterprise or Disadvantaged Business Enterprise denied, de-certified, revoked or forfeited;

vii. been subject to an administrative proceeding or civil action seeking specific performance or restitution in connection with any local, state or federal government contract;

viii. been denied an award of a local, state or federal government contract, had a contract suspended or had a contract terminated for non-responsibility; or

ix. had a local, state or federal government contract suspended or terminated for cause prior to the completion of the term of the contract?

☐ Yes  ☐ No

b) been investigated, indicted, convicted, received a judgment against them or a grant of immunity for any business-related conduct constituting a crime under local, state or federal law including, but not limited to, fraud, extortion, bribery, racketeering, price-fixing, bid collusion or any crime related to truthfulness and/or business conduct?
STATE OF NEW YORK
VENDOR RESPONSIBILITY QUESTIONNAIRE

c) been issued a citation, notice, violation order, or are pending an administrative hearing, proceeding or determination for violations of:
   i. federal, state or local health laws, rules or regulations, including but not limited to Occupational Safety & Health Administration (OSHA) or New York State labor law;
   ii. state or federal environmental laws;
   iii. unemployment insurance or workers' compensation coverage or claim requirements;
   iv. Employee Retirement Income Security Act (ERISA);
   v. federal, state or local human rights laws;
   vi. civil rights laws;
   vii. federal or state security laws;
   viii. federal Immigration and Naturalization Services (INS) and Alienage laws;
   ix. state for federal anti-trust laws; or
   x. charity or consumer laws
   □ Yes □ No

d) been investigated by any federal, state or local government agency for a civil violation for any business related conduct?
   □ Yes □ No

For yes answers to any of the above, detail the situation(s), the date(s), name(s), title(s) and address(es) of any individuals involved and, if applicable, and any corrective action(s) taken by the vendor.

22. In the past five (5) years, has the vendor or its affiliates¹ had any claims, judgments (satisfied or unsatisfied), injunctions, liens, fines or penalties secured by any governmental agency including, but not limited to, judgments based on taxes owed or fines or penalties assessed by any federal, state or local government agency?
   □ Yes □ No

   Indicate if this is applicable to the submitting vendor or affiliate. State whether the situation(s) was a claim, judgment, injunction, lien or other with an explanation. Provide the name(s) and address(es) of the agency, the amount of the original obligation and outstanding balance. If any of these items are open or unsatisfied, indicate the status of each item as "open" or "unsatisfied".

23. Has the vendor (for profit and not-for-profit corporations) or its affiliates¹, in the past three (3) years, had any governmental audits that revealed material weaknesses in its system of internal controls, compliance with contractual agreements and/or laws and regulations or any material disallowances?
   □ Yes □ No

   Indicate if this is applicable to the submitting vendor or affiliate. Detail the type of material weakness found or the situation(s) that gave rise to the disallowance, any corrective action taken by the vendor and the name of the auditing agency.

24. Is the vendor exempt from income taxes under the Internal Revenue Code?
   □ Yes □ No

   Indicate the reason for the exemption and provide a copy of any supporting information.

25. During the past three (3) years, has the vendor failed to:
   a) file returns or pay any applicable federal, state or city taxes?
      □ Yes □ No

      Identify the taxing jurisdiction, type of tax, liability year(s), and tax liability amount the vendor failed to file/pay and the current status of the liability.

   b) file returns or pay New York State unemployment insurance?
      □ Yes □ No

      Indicate the years the vendor failed to file/pay the insurance and the current status of the liability.

26. Have any bankruptcy proceedings been initiated by or against the vendor or its affiliates¹ within the past seven (7) years (whether or not closed) or is any bankruptcy proceeding pending by or against the vendor or its affiliates regardless of the date of filing?
   □ Yes □ No

   Indicate if this is applicable to the submitting vendor or affiliate. If it is an affiliate, include the affiliate's name and FEIN. Provide the court name, address and docket number. Indicate if the proceedings have been initiated, remain pending or have been closed. If closed, provide the date closed.

27. Is the vendor currently insolvent, or does the vendor currently have reason to believe that an involuntary bankruptcy proceeding may be brought against it?
   □ Yes □ No

   Provide financial information to support the vendor's current position, for example, Current Ratio, Debt Ratio, Age of Accounts Payable, Cash Flow and any documents that will provide the NYSTA/CC with an understanding of the vendor's situation.

28. Has the vendor been a contractor or subcontractor on any contract with any New York State agency and/or with the NYSTA/CC in the past five (5) years?
   □ Yes □ No

   List the agency name, address, and contract effective dates. Also provide state contract identification number, if known.
# STATE OF NEW YORK
## VENDOR RESPONSIBILITY QUESTIONNAIRE

29. In the past five (5) years, has the vendor or any affiliates\(^1\):
   a) defaulted or been terminated on, or had its surety called upon to complete, any contract (public or private) awarded;
   b) received an overall unsatisfactory performance assessment from any government agency on any contract; or
   c) had any liens or claims over $25,000 filed against the firm which remain undischarged or were unsatisfied for more than 90 days?

   *Indicate if this is applicable to the submitting vendor or affiliate. Detail the situation(s) that gave rise to the negative action, any corrective action taken by the vendor and the name of the contracting agency.*

\(^1\) "Affiliate" meaning: (a) any entity in which the vendor owns more than 50% of the voting stock; (b) any individual, entity or group of principal owners or officers who own more than 50% of the voting stock of the vendor; or (c) any entity whose voting stock is more than 50% owned by the same individual, entity or group described in clause (b). In addition, if a vendor owns less than 50% of the voting stock of another entity, but directs or has the right to direct such entity's daily operations, that entity will be an "affiliate" for purposes of this questionnaire.

INDEPENDENT AUDITORS' REPORT

To the Governing Board
New York State Bridge Authority:

We have audited the accompanying basic financial statements of the New York State Bridge Authority (the Authority) as of and for the years ended December 31, 2010 and 2009 as listed in the table of contents. These financial statements are the responsibility of the Authority’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the New York State Bridge Authority as of December 31, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management’s Discussion and Analysis on pages 3 through 8 and the Bridge System Assessments on pages 26 and 27 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. This information is the responsibility of the Authority’s management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the presentation of the supplementary information. However, we did not audit the information and express no opinion on it.
In accordance with Government Auditing Standards, we have also issued our report dated March 4, 2011 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Toski, Schaefer & Co., P.C.

Williamsville, New York
March 4, 2011
NEW YORK STATE BRIDGE AUTHORITY  
Management’s Discussion and Analysis  
December 31, 2010

Management’s discussion and analysis serves to introduce the other elements of the financial section of this annual report. Included are the basic financial statements, notes to the financial statements and other supplementary financial information. The objective of this analysis is to enhance the understandability and usefulness of the external financial reports. As in previous years, the Authority is providing a comparative analysis of certain financial information.

FINANCIAL HIGHLIGHTS

Toll revenue in 2010 totaled $37.7 million, $0.6 million above the previous year. Interest income decreased from prior year by $0.03 million as interest rates continued at historically low levels. A Federal grant of $0.3 million in other income was obtained for a project to install cameras on Authority facilities.

Total operating expenses of $39 million increased by $7.1 million. This 22.3% increase was the result of increased rehabilitation, reconstruction, and bridge repairs of $5.1 million, employee benefits of $1.4 million, and electronic toll costs of $0.3 million.

Net assets at year-end were $97.6 million, which was $30.1 million above the prior year. This increase is due to the transfer of the Walkway Over The Hudson to the Authority in December 2010.

BASIC FINANCIAL STATEMENTS

The Authority’s financial statements are prepared in accordance with generally accepted accounting principles as prescribed by the Government Accounting Standards Board. These statements are designed to afford an overview of the Authority’s finances and consist of the balance sheets, statements of revenue, expenses and changes in net assets, and the statements of cash flows.

The notes to the financial statements include additional information necessary to provide a further understanding of the basic financial statements.

Other supplemental financial information serves to give the reader additional knowledge with regard to the condition of the bridge system and capital improvement expenditures.

FINANCIAL STATEMENT ANALYSIS

Balance Sheets

The balance sheets present information on the Authority’s assets and liabilities, reporting net assets at year-end. Increases or decreases in net assets may indicate whether or not an entity’s financial position is improving. A condensed summary of the Authority’s balance sheets is shown on the following pages.

**Statements of Revenue, Expenses and Changes in Net Assets**

The statements of revenue, expenses and changes in net assets show the effect of income and expenses on the Authority’s net assets for the year. These statements are prepared on an accrual basis, meaning revenues are recognized in the period in which they are earned and expenses are recognized in the period in which they occur. The Authority’s statements for 2010 and 2009 are summarized as follows:

NEW YORK STATE BRIDGE AUTHORITY
Management’s Discussion and Analysis, Continued

Statements of Revenue, Expenses and Changes in Net Assets, Continued

The cost of operations increased $7.1 million for the year as rehabilitation, reconstruction, and
bridge repairs increased by $5.1 million primarily due to the painting of a portion of the Newburgh-
Beacon Bridge. Employee benefits increased $1.4 million. This was due primarily to 20 employees
utilizing the 2010 retirement incentive resulting in a onetime charge for $1.0 million. A
requirement of the Authority to utilize 2010 retirement incentive program is that it will produce a
net savings in the first two years. The Authority projects the program will provide net savings in
the first two years and continue to provide additional savings in subsequent years. Increased annual
contributions to the retirement system also contributed to higher employee benefit costs. Electronic
toll costs increased by $0.3 million, driven by both increased volume and costs per transaction.

Non-operating revenue is from interest income on investments and the capital addition of the
Walkway Over The Hudson. Interest income was slightly lower than 2009 as interest rates on
government obligations in which the Authority invests continued at historically low levels. The
capital addition is from the Authority accepting ownership on December 21, 2010 of the Walkway
Over The Hudson (WOH), a 122 year-old railroad bridge converted into a linear state park. This is
a pedestrian only structure which will produce no toll revenues. The New York State Office of
Parks, Recreation, and Historic Preservation will be responsible for WOH operations and the
maintenance of the deck, and the Authority will be responsible for the maintenance of the structure.

Interest paid on the Authority’s outstanding bonds, which totaled $2.2 million this year, accounted
for substantially all of the non-operating expenses.

Statements of Cash Flows

The statements of cash flows present information on the major sources and uses of cash during the
year, showing net cash provided or used in operating, capital financing and investing activities.

Net cash of $3.2 million provided by operating activities was down $3.9 million reflecting $4.8
million in higher payments to suppliers and contractors and offset by $0.6 million in increased toll
revenue.

Principal and interest payments on Authority bonds held steady at $8.1 million as capital financing
results were similar to those in 2009. Cash flows from investing activities resulted in net cash of
$5.0 million, which includes interest earned on investments and net cash resulting from the
purchase and sale of investments.
NEW YORK STATE BRIDGE AUTHORITY
Management’s Discussion and Analysis, Continued

AUTHORITY BUDGET

The Authority’s 2010 budget projected collections of $37.3 million was $0.4 million below the actual. An improvement in traffic from the deep recession levels forecasted drove these collection increases. Passenger traffic increased from 2009 by 743,000 vehicles generating $0.4 million in additional revenue. Commercial traffic increased from 2009 by 37,000 vehicles generating a $0.1 million increase due to higher usage by five axle trucks. The Authority budgeted Federal grants of $2.3 million which was $2.0 million above actual. The progress of the construction for The Port Authority of New York and New Jersey, the entity administering the Federal grant, project fell behind the original projection. The remaining grant funds are expected upon completion of the related projects. Additionally, interest rates on Authority investments continued at historically low levels, interest income of $414,000 was $14,000 above forecast.

2010 operating expenses of $39.0 million came in higher than the Authority’s operating and capital improvement plan budget by $0.4 million due to the 2010 retirement incentive of $1.0 million. The day-to-day operating budget, which was forecasted at $24.9 million, came in at $26.1 million. This included the 2010 retirement incentive program of $1.0 million that was not budgeted and higher electronic toll costs of $0.6 million associated with higher EZ-Pass traffic volumes.

The Authority’s five year capital plan budgeted $13.8 million in 2010 whereas actual costs totaled $13.0 million. The difference resulted from a combination of factors. Approximately $1.0 million of work was deferred to 2011 or later and the original capital plan excluded costs for the Federal grant project that were funded from the grant. The Federal grant funding $0.3 million is reflected in other income.

TOTAL CAPITAL ASSETS AND LONG-TERM DEBT

As of December 31, 2010, the Authority’s investment in capital assets was $122.4 million. Capital assets include bridges, roads, buildings, and equipment. In order to fund the commitment to its program of rehabilitation and improvement of the bridge facilities, in March 2002, the Authority issued $50 million General Revenue Bonds having a final maturity on January 1, 2017. All Authority revenue is pledged to repay these bonds and the outstanding Series 1997 issue. As of December 31, 2010, $47.6 million of debt remained outstanding and funds were in reserve to retire $5.9 million bonds on January 1, 2011.

In 2010, Standard & Poor’s affirmed the Authority’s AA- rating and stable outlook on its outstanding bonds. Moody’s Investors Service in 2009 affirmed the Authority’s Aa2 bond rating, making it one of only two public toll agencies in the country to achieve such a rating.
NEW YORK STATE BRIDGE AUTHORITY
Management’s Discussion and Analysis, Continued

MODIFIED APPROACH FOR INFRASTRUCTURE ASSETS

The Authority has adopted the modified approach in reporting its infrastructure assets. An alternative to deprecating its bridge facilities, this approach requires the Authority to maintain its infrastructure at a certain measurable standard and report the associated cost as preservation (rehabilitation, reconstruction and bridge repair) expenses.

The condition of the Authority’s bridge faculties is determined through annual inspections performed in accordance with New York State Department of Transportation (NYSDOT) requirements and Federal Highway Administration guidelines. The yearly inspections by the Authority’s consulting engineers, Modjeski & Masters, Inc., measures the ability of each facility to function structurally utilizing a NYSDOT condition rating ranging between 1 and 7. The Authority’s policy is to keep the overall condition rating of each bridge at a 5, meaning the facility shows minor deterioration but is functioning as originally designed.

ADDITIONAL INFORMATION

This report is compiled for the use of the Authority’s bondholders, the investment community and members of the public interested in the Authority’s affairs. Questions with regard to this financial report or requests for additional information may be addressed to the Treasurer, New York State Bridge Authority, P.O. Box 1010, Highland, NY 12528.

Supplemental schedule of cash flow information - capital addition - Walkway Over The Hudson pedestrian bridge $32,758,706

See accompanying notes to financial statements.
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements
December 31, 2010 and 2009

(1) Organization

The New York State Bridge Authority (Authority) is a Public Benefit Corporation created in 1932 and existing pursuant to Title 2, of Article 3 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York (the Act). The Act provides that the Authority shall continue its corporate existence and operate and maintain its bridge facilities so long as it shall have bonds or other obligations outstanding and until its existence shall be terminated by law. The Authority, which currently operates and maintains the Rip Van Winkle, Kingston-Rhinecliff, Mid-Hudson, Newburgh-Beacon, and Bear Mountain bridges crossing over the Hudson River, consists of a seven member Board appointed by the Governor with the advice and consent of the Senate. Since the Authority has no component units or potential component units, the accompanying financial statements include only the accounts of the Authority. The Authority’s financial statements are included in the New York State Comprehensive Annual Financial Report.

(2) Significant Accounting Policies

(a) Basis of Presentation, Measurement Focus and Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The Authority's reports are based on all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

The operations of the Authority are reported under the business-type activities model and, as such, are accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. Within this measurement focus, all assets and liabilities associated with operations are included on the balance sheets with revenues recorded when earned and expenses recorded at the time the liabilities are incurred. The business-type activities model requires the Authority to include a balance sheet, a statement of revenue, expenses and changes in net assets and a statement of cash flows. The statements require the classification of net assets into three components - invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

Invested in Capital Assets - This component of net assets consists of capital assets, net of accumulated depreciation, reduced (as applicable) by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements, Continued

(2) Significant Accounting Policies, Continued

(a) Basis of Presentation, Measurement Focus and Basis of Accounting, Continued

Restricted Net Assets - This component of net assets consists of constraints placed on net asset use through external restrictions imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets - This component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets".

For internal accounting and reporting, the accounts of the Authority are maintained in conformity with fund accounting. Fund accounting facilitates the observance of statutory limitations and restrictions on the use of resources.

The following funds were established by the Authority in compliance with Article V, Section 5.02 of the General Revenue Bond Resolution ("Series 1997 Resolution") adopted December 19, 1996. These funds are grouped by fund type in accordance with generally accepted accounting principles for governmental entities. All monies are to be transferred to such funds in accordance with terms outlined below, and held in depository by the designated Trustee, with the exception of the operating fund.

(1) General Fund

(a) Revenue Fund
Established to receive daily toll and make payments to the designated funds in accordance with the terms outlined below.

(b) Operating Fund
Established to make payments from amounts received from the revenue fund, as may be required for the reasonable and necessary operating expenditures of the Authority. Amounts to be maintained in the operating fund are limited to the amounts not more than sufficient to provide for reasonable and necessary operating expenditures for the remainder of the current month and ensuing two months.

(c) General Fund
Established to hold monies not required by other Authority designated funds, for any other lawful corporate purpose of the Authority.

(2) Debt Service Funds

(a) Debt Service Fund
Established to make principal and interest payments to the Trustee or paying agent required by the Series 1997 Resolution, from amounts received from the revenue fund.
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements, Continued

(2) Significant Accounting Policies, Continued

(a) Basis of Presentation, Measurement Focus and Basis of Accounting, Continued

(2) Debt Service Funds, Continued

(b) Debt Service Reserve Fund
Established to receive payments from the revenue fund to the extent necessary to make the amount in such fund, as of the date of the calculation, equal to the maximum amount of principal and interest due to be paid on bonds then outstanding in the then current or any future fiscal year to which the calculation relates, excluding interest to be paid from monies held in the debt service fund.

(c) Subordinated Indebtedness Fund
Established to issue evidences of indebtedness payable out of, and which may be secured by a pledge of, such amounts in the subordinated indebtedness fund or general fund as may from time to time be available for the purpose of payment thereof.

(d) Rebate Fund
Established to hold monies for rebates of certain investment earnings.

(3) Capital Projects Fund

(a) Construction Fund
Established to hold monies paid into it from the sale of bonds to pay for costs of "The Project" or any "Additional Projects" as defined in the Series 1997 Resolution. Any remaining money upon completion or abandonment of such projects shall be transferred to other funds in accordance with the terms of the Series 1997 Resolution.

(b) Maintenance Reserve Fund
Established to make payments from amounts received from the revenue fund, for the cost of construction of additions, improvements or betterments to, or reconstruction of Authority bridge facilities, renewals or replacements of Authority facilities and for the purchase of major or extraordinary vehicles and equipment necessary to operate and/or maintain the Authority bridge facilities.

(c) Insurance Fund
Established to receive payments from the revenue fund to the extent that, together with multi-risk insurance, it shall provide for the adequate protection against the physical loss or damage of a bridge facility. Additionally, the Authority may pay into a separate account in this fund, amounts sufficient to provide coverage, in addition to, or instead of, such commercial insurance policies required by the Series 1997 Resolution.
(2) Significant Accounting Policies, Continued

(b) Cash Deposits and Investments

The Authority is limited under its investment guidelines to the investment of funds in obligations of the United States of America (United States Government Securities), the State of New York or certificates of deposit. All cash and funds invested in certificates of deposit in any fiduciary bank or trust company must be secured at all times by United States Government Securities or obligations of the State of New York, with a market value, combined with any FDIC coverage, at least equal to the amount of such deposits. Monies held by the trustee may also be secured by obligations guaranteed by the United States of America. Investments, consisting principally of U.S. Treasury obligations and certificates of deposit with a remaining maturity of one year or less at the time of purchase, are stated at cost plus accrued interest.

(c) Capital Assets

Capital assets include buildings and furniture and equipment. Capital assets purchased or acquired with an original cost of $5,000 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight line basis over the following estimated useful lives:

<table>
<thead>
<tr>
<th>Asset Type</th>
<th>Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buildings</td>
<td>30 years</td>
</tr>
<tr>
<td>Furniture and equipment</td>
<td>3 - 10 years</td>
</tr>
</tbody>
</table>

(d) Bridge System

The bridge system consists of five bridges (6 spans) spanning the Hudson River together with the related toll plazas and approaches. The bridge system is reported at historical cost. The Authority uses the modified approach to account for the bridge system. Under the modified approach expenditures for additions and improvements to eligible infrastructure assets, which increase capacity or efficiency of the assets rather than preserve their lives, are capitalized. All other expenditures, including preservation costs, are expensed in the period incurred and the bridge system is not depreciated. The Authority performs condition assessments on the bridge system, makes annual estimates of the outlay necessary to maintain and preserve the assets at predetermined condition levels and documents that the assets are being maintained at the predetermined condition level.

(e) Real Property

Real property utilized by the Authority is held in the name of the State of New York. The Authority has, however, the right to possess and, with the approval of the Commissioner of Transportation, to sell, lease, exchange, or otherwise dispose of any property or rights therein, not necessary for its corporate purpose.
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements, Continued

(2) Significant Accounting Policies, Continued

(f) Compensated Absences
   In conformity with pronouncements of the Government Accounting Standards Board, the Authority accrues vacation and other benefits as earned by its employees.

(g) Subsequent Events
   The Authority has evaluated events after December 31, 2010, and through March 4, 2011, which is the date the financial statements were available to be issued, and determined that any events or transactions occurring during this period that would require recognition or disclosure are properly addressed in these financial statements.

(h) Operating Revenue
   Operating revenues consist principally of toll revenue.

(i) Nonoperating Revenue
   Nonoperating revenues consist principally of interest income.

(j) Operations
   Provisions of the Series 1997 Resolution require that revenue in excess of expenses for operation and maintenance of the bridge system be used first for the payment of interest and principal on outstanding bonds, then for debt service reserve, subordinated indebtedness (if any), insurance, maintenance reserve, construction and finally general fund requirements. It also requires that expenses for operation and maintenance of the bridge system shall not include any provisions for depreciation of the bridge facilities or equipment, or any principal payment on bonds outstanding or any other debt obligation of the Authority.

The Authority’s right to operate and collect tolls for the use of the Newburgh-Beacon Bridge is governed in part by an agreement dated December 15, 1988, between the Authority, the State of New York and the United States Department of Transportation. Consistent with the terms of Section 120(c)(2) of Public Law 100-17 and Section 402 of Title II of Public Law 101-45, the Agreement permits the use of revenues collected at that bridge only for construction and reconstruction, debt service, proper operation and maintenance of the bridges, approach roads and support facilities subject to the jurisdiction of the Authority.

(3) Cash and Equivalents

The carrying amount of the Authority’s deposits with financial institutions at December 31, 2010 amounted to $8,837,391 and the bank balance was $9,876,570. The bank balance is collateralized as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Amount issued by FDIC</td>
<td>$500,000</td>
</tr>
<tr>
<td>Collateral held by a third party in the Authority’s name</td>

<tr>
<td></td>
<td>$11,624,093</td>
</tr>
</tbody>
</table>
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements, Continued

(4) Investments

The cost and market value of investments (United States Government Securities) held by the Authority as of December 31, 2010 and 2009 are summarized as follows:

<table>
<thead>
<tr>
<th>Restricted</th>
<th>2010</th>
<th>2009</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Cost</td>

(8) Bond Indebtedness

On January 22, 1997, the Authority issued $49,015,000 of General Revenue Bonds (Series
1997) in the open market in order to provide funds for (a) the costs of providing for the
payment at or in advance of maturity ( defeasement) of the Outstanding Series 1989 Bridge
System Revenue Bonds (Series 1989) and the Series 1992 Bridge System Revenue Bonds
(Series 1992) of the Authority, (b) to finance a portion of the costs of the 1997 Project,
which consists of certain reconstruction and rehabilitation projects for the Authority’s bridge
system, (c) to fund the debt service reserve fund to the level required by the Resolution and
(d) to pay the costs of issuance of the Series 1997 Bonds.

On March 7, 2002, the Authority issued $50,000,000 of General Revenue Bonds (Series 2002)
in the open market in order to provide funds to finance a portion of the costs of the 2002
Project, which consisted of certain reconstruction and rehabilitation projects for the
Authority’s bridge system. The proceeds were used to (a) fund the debt service reserve fund
to the level required by the Bond Resolution and (b) pay the costs of issuance of the Series
2002 Bonds.

Changes in indebtedness for the years ended December 31, 2010 and 2009 are summarized as

The Series 1997 Bonds, which bear interest ranging from 5% to 6%, and the Series 2002 Bonds which bear interest ranging from 3% to 5%, are general obligations of the Authority and are payable from and secured by a pledge of all monies or revenues of the Authority, including tolls and other revenues derived from the operations of the Authority’s bridge facilities.

The Series 1997 Bonds maturing on or after January 1, 2008 are subject to redemption prior to maturity, at the option of the Authority, at prices ranging from 100% to 102% of the principal amount plus accrued interest to the redemption date.

The Series 2002 Bonds maturing on or after January 1, 2013 are subject to redemption prior to maturity, at the option of the Authority, as a whole or in part at any time after December 31, 2011, at the redemption price of par plus accrued interest to the redemption date.

(9) Retirement Plan

(a) Plan Description

The New York State Employees’ Retirement System (System) provides retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). The System issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained in writing to the New York State and Local Retirement System, 110 State Street, Albany, New York 12244.
NEW YORK STATE BRIDGE AUTHORITY
Notes to Financial Statements, Continued

(9) Retirement Plan, Continued

(b) Funding Policies

The System is noncontributory except for employees with less than 10 years of service who contribute 3% of their salary. Under the authority of the NYSRSSL, the Comptroller shall certify annually the rates, expressed as proportions of payroll of members, which shall be used in computing the contributions required to be made by employers.

The rates billed by the Comptroller during the year ended December 31, 2010 ranged from 9.1% to 15.3% and during the year ended December 31, 2009 ranged from 7.0% to 9.3%.

The Authority is required to contribute at an actuarially determined rate. The required contribution for the years ended December 31, 2010, 2009 and 2008 amounted to $1,182,092, $678,263 and $879,154, respectively.

The Authority’s contributions made to the System were equal to 100% of the contributions required for each year.

(c) Early Retirement Incentive

Chapter 105 of the Laws 2010 established a two-part retirement incentive program for certain public employees participating in the System. The Authority adopted the program and allowed all employees the option to retire early. Twenty employees of the Authority elected early retirement under this program, with a cost of $982,086.

(10) Postemployment Benefits

The Authority implemented the accounting and disclosure requirements of GASB Statement No. 45, “Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions” (OPEB) effective for its fiscal year beginning January 1, 2007. The Authority previously recorded a liability for retiree health benefits for only those who had retired, and not for active employees, as required by Statement No. 45.

Plan Description - The Authority provides continuation of medical coverage to employees that retire at age 55 with five years of service if hired before April 1, 1975 or ten years of service if hired after April 1, 1975. For employees with a date of retirement before April 1, 1983 and at least five years of service, the Authority contributes 100% of costs for employees and 75% for an employee’s spouse. For employees with a date of retirement after April 1, 1983 and at least ten years of service, the Authority contributes 90% for employees and 75% for an employee’s spouse.
(10) Postemployment Benefits, Continued

The Authority provides certain health care benefits for retired employees. Substantially all of the Authority’s employees may become eligible for these benefits if they reach the normal retirement age, of the respective tier of the New York State Employees’ Retirement System, while working for the Authority. The Authority, on an annual basis, accrues the cost which represents the present value of these benefits to be paid over the estimated lives of the retirees. The increase in the OPEB liability for the years ended December 31, 2010 and 2009 amounted to $2,110,359 and $2,075,357, respectively. At December 31, 2010 and 2009, the OPEB liability included in noncurrent accrued fringe benefits was $13,922,160 and $11,811,801, respectively. The amount charged to expense was $3,023,015 and $2,882,077 for the years ended December 31, 2010 and 2009.

The number of participants as of January 1, 2009 was as follows:

Active employees 165
Retired employees 75
Spouses of retired employees 35
Total 275

Funding Policy - The Authority currently pays for post-retirement health care benefits on a pay-as-you-go basis. These financial statements assume that pay-as-you-go funding will continue.

(11) Administrative Services Assessment

Through the Public Authorities Law Section 2975, the State of New York (the State) established a cost recovery of central governmental services to various public authorities. This statute directs the New York State Division of the Budget to determine the amount to be assessed to each public authority. The State Treasurer imposes and collects the assessments which are deposited into the State’s general fund. The administrative services assessment for the Authority for the years ended December 31, 2010 and 2009 amounted to $234,119 and $312,158, respectively.
(12) Risk Management

The Authority purchases commercial insurance policies in varying amounts for general liability, vehicle liability, damage to fixed assets, and public officials and employee liability coverage. The Authority also pays unemployment claims to the State of New York as incurred. There are no claims relating to the bridge facilities, however, the Authority has funded a reserve of $8,607,056 at December 31, 2010 in the capital projects fund to meet its deductible should a claim arise.

(13) Commitments and Contingencies

Commitments and contingencies at December 31, 2010 consist of the following:

(a) Bridge Construction
At December 31, 2010, the Authority had contractual commitments outstanding of approximately $11,328,000 for bridge rehabilitation and repairs on several of its bridge facilities.

(b) Contingencies
The Authority is a defendant in lawsuits. While the outcome of these lawsuits or other proceedings against the Authority cannot be predicted with certainty, the Authority does not expect that these matters will have a material adverse effect on its financial position.

*The condition of the Authority’s bridge system is determined using annual inspection procedures. The inspections are conducted in accordance with New York State Department of Transportation (NYSDOT) requirements and Federal Highway Administration Guidelines. The NYSDOT bridge condition rating, which is an assessment of the ability to function structurally, is determined during biennial inspections using a numerical condition scale ranging from 1.0 (totally deteriorated) to 7.0 (new condition). The complete NYSDOT numerical rating scale is as follows:

1 - Totally deteriorated, or in failed condition.
2 - Used to shade between ratings 1 and 3.
3 - Serious deterioration, or not functioning as originally designed.
4 - Used to shade between 3 and 5.
5 - Minor deterioration, but functioning as originally designed.
6 - Used to shade between 5 and 7.
7 - New condition, no deterioration.

The number of bridges included in the annual inspection process includes the six spans crossing the Hudson River and three overpasses.

It is the Authority’s policy to keep the overall condition number of each bridge at a condition rating of at least 5.0. Presently, all bridges are inspected annually with three bridges receiving the more thorough biennial inspections and three receiving maintenance inspections.

Significant variations between the estimated, or budgeted, and actual costs of capital improvements are noted in each year.

In 2006, higher than expected bid prices were responsible for the postponement of a $2.0 million Mid-Hudson Bridge maintenance building replacement which also included a municipal water and sewer installation. In addition, at Mid-Hudson a $2.75 million project for signage and security cameras was delayed until 2007.

In 2007, the $2.0 million Mid-Hudson Bridge maintenance building replacement including municipal water and sewer installation was separated into two projects. The water and sewer installation was completed for $.8 million and the maintenance building replacement was scheduled for 2008.

In 2008, $3.5 million budgeted for bridge painting at Rip Van Winkle was expended late in 2007. At the Newburgh-Beacon Bridge, the scope of a deck overlay and joint modification project was reduced by $1.2 million and $750,000 for replacement of variable message signs carried over into 2009. Also, four other projects came in $1.1 million under budget and $1.3 million of work was deferred to 2009 or later.

In 2009, several projects totaling $2.3 million were deferred to 2010 or later. In addition, equipment purchases were $0.7 under budget and $0.6 million of the Mid-Hudson Bridge main cable inspection costs carried over to 2010.

In 2010, several projects totaling $1.0 million were deferred to 2011 or later. Estimated capital improvements were initially projected as net of federal grants to fund projects. The Authority reported federal funds receivable totaling $0.3 million for 2010 as other income while the cost was reported as capital improvement expenditures.
INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Governing Board
New York State Bridge Authority:

We have audited the financial statements of the New York State Bridge Authority (the Authority) as of and for the year ended December 31, 2010, and have issued our report thereon dated March 4, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority’s financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Authority's Governing Board, management and appropriate officials of the State of New York, and is not intended to be and should not be used by anyone other than these specified parties.

Toski, Schaefer & Co., P.C.

Williamsville, New York
March 4, 2011
INDEPENDENT AUDITORS’ REPORT ON INVESTMENT COMPLIANCE

To the Governing Board
New York State Bridge Authority:

We have examined the New York State Bridge Authority’s (the Authority) compliance with Section 201.3 of Title Two of the Official Compilation of Codes, Rules, and Regulations of the State of New York during the year ended December 31, 2010. Management is responsible for the Authority’s compliance with those requirements. Our responsibility is to express an opinion on the Authority’s compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence supporting the Authority’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Authority’s compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements during the year ended December 31, 2010.

In accordance with Government Auditing Standards, we are required to report findings of deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Authority’s compliance with Section 201.3 of Title Two of the Official Compilation of Codes, Rules, and Regulations of the State of New York and any fraud and illegal acts that are more than inconsequential that came to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Authority complied with the aforementioned requirements and not for the purpose of expressing an opinion on the internal control over compliance with those requirements or other matters; accordingly, we express no such opinion. The results of our tests disclosed no matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Authority’s Governing Board, management and the appropriate officials of the State of New York, and is not intended to be and should not be used by anyone other than those specified parties.

Williamsville, New York
