Current Configuration

Ethernet

Currently, the Authority utilizes a shared Ethernet over fiber solution. Each facility is equipped with an Ethernet switch supplied by the Provider. This switch allows fiber or copper connectivity at a speed of up to 1 Gbps to the Authority's Local Area Network (LAN). The existing connection connects to standard Cisco equipment.

The Authority provides redundant power from on-site Authority owned building UPS and diesel or natural gas generators.

Internet Connectivity

Internet connectivity is provided to the Mid-Hudson Bridge campus at a speed of 20 Mbps. All other facilities route through the connection at the Mid-Hudson Bridge Administration Building to access the Internet.

Two Hundred and Fifty Six (256) contiguous public IP addresses are available to NYSBA.

DNS Hosting for NYSBA website domains and email is provided. The following domains are hosted:

nysba.net
nysba.state.ny.us
nysba.ny.gov

A current network diagram follows:
Proposal

The proposal must include a breakdown of monthly charges for connectivity to each facility including all anticipated fees. The Authority anticipates increasing the amount of leased bandwidth to accommodate additional IT infrastructure such as IP cameras and traffic sensors. The Authority may opt to have the system configured at the higher bandwidth than currently utilized from the beginning of the contract award or may increase bandwidth at any time during the contract period. Pricing for current bandwidth speeds as well as anticipated speeds must be included (see below). The Authority may desire to increase bandwidth at one facility plus bandwidth at the Mid-Hudson Bridge without affecting other facilities.

The Newburgh-Beacon Bridge serves as an alternate location for NYSBA Operations in the event the Mid-Hudson Bridge facilities cannot be used. As such, the circuit to the Newburgh-Beacon Bridge must be able to scale up to a speed of 350 Mbps within one hour of notification to the Provider. All other circuits must have the ability to increase bandwidth to a speed of up to 200 Mbps. All bandwidth speeds listed will be for both upload and download throughput. For example, 50 Mbps would be a speed of 50 Mbps upload speed and 50 Mbps download speed.

NOTE: If stated bandwidth requirements are not available, please round up to the next available allotment. (i.e. 75 Mbps -> 100 Mbps). The bandwidth available at the Mid-Hudson Bridge must be equal to or greater than the sum of the circuits at Rip Van Winkle, Kingston-Rhinecliff, Newburgh-Beacon and Bear Mountain.

Pricing for optional components:

1. Include a separate per month charge during the time the Newburgh–Beacon Bridge is increased to the same speed as the Mid-Hudson Bridge.

2. The Authority may elect to have an Internet circuit installed at the Newburgh-Beacon Bridge. Please provide separate pricing for this circuit at 10 Mbps and 20 Mbps speeds.

3. Recognizing that the single greatest risk to the Authority’s fiber network is a fiber cut, the Authority may seek to eliminate single points of failure in its fiber optic network. This may include multiple routes to Authority buildings, alternate routes between facilities and the like. The Proposer should provide options for eliminating single points of failure in the network.

Site Inspection

Inspection of the physical locations is available by appointment. It is encouraged that potential bidders schedule a site inspection. Inspections can be scheduled by calling Greg Herd at (845) 691-5953. All inspections must be completed by close of business on December 30, 2015.

The successful proposer shall procure and maintain at their own expense and without expense to the Authority, insurance for liability for damages imposed by law, of the kinds and in the amounts hereinafter provided, from insurance companies authorized to do such business in the State of New York covering all operations under the contract whether performed by themselves or subcontractors.

iv. Excess liability in the amount of $2,000,000.00

v. Such other insurance as shall be required in writing by the Authority at the Authority’s expense

Any policy required to be maintained under this section shall be from a company rated at least A/VII by Best’s Rating Service and properly licensed in the State of New York, and shall provide that the policy shall not be cancelled, materially changed, or renewed thirty (30) days prior notice thereof to the Authority.

By submission of its proposal, the Proposer represents and certifies that it has not employed or retained any company or person, other than a bona fide employee working for the Proposer, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent on or resulting from the award or making of the contract.
Submission of a proposal constitutes an acknowledgement that the proposer has thoroughly examined and become familiar with the requirements under this RFP including appendices, forms, and attachments, that it is capable of performing the work to achieve the objectives of the Authority, and that it will accept these terms and conditions unless exceptions are specified in the proposer’s submission. The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party other than the Authority, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. NON-ASSIGNMENT
CLAUSE. This contract may not be assigned, and no part or portion may be subcontracted, by the Contractor nor may its right, title or interest therein be assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of the Authority and any attempts to assign the contract without the Authority's written consent are null and void.

2. WORKERS' COMPENSATION BENEFITS. This contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law. If employees will be working on, near or over navigable waters, a U.S. Longshore and Harbor Workers' Compensation Act endorsement must be included.

3. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, sexual orientation, military status, sex, disability, genetic predisposition or carrier status, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work, or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, the Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract, as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

4. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with 312 of the Executive Law, if this contract is: (a) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000, whereby the Authority is committed to
expend, or does expend, funds in return for labor, services, supplies, equipment, materials, or any combination of the foregoing, to be performed for, or rendered or furnished to the Authority; or (b) a written agreement in excess of $100,000 whereby the Authority is committed to expend, or does expend, funds for the acquisition, construction, demolition, replacement, major repair, or renovation of real property and improvements thereon, or (c) a written agreement in excess of $100,000 whereby the owner of a State-assisted housing project is committed to expend, or does expend, funds for the acquisition, construction, demolition, replacement, major repair, or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor’s equal employment opportunity policy that:
(a.) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts, and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination, and rates of pay or other forms of compensation.

(b.) At the request of the Authority, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status, and that agency, union, or representative will affirmatively cooperate in the implementation of the contractor's obligations herein.

(c.) The Contractor shall state, in all solicitations or advertisements for employees, that in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability, or marital status.

The Contractor shall include the provisions of (a), (b), and (c) above in every subcontract over $25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon except where such work is for the beneficial use of the Contractor. Section 312 of the Executive Law does not apply to: (i) work, goods or services unrelated to this Agreement; or (ii) employment outside New York State. The Authority shall consider compliance by the Contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The Authority shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the Authority shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor shall comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development’s Division of Minority and Women’s Business Development pertaining hereto.

5. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the New York State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the New York State Labor Department in accordance with the Labor Law. Additionally, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with subdivision 3-a of this Section 220 of the Labor Law shall be a condition precedent to payment by the Authority of any sums due and owing to any person for work done upon the project.

6. NON-COLLUSIVE BIDDING REQUIREMENT. In accordance with Public Authorities Law Section 2878, if this contract was awarded based upon the submission of bids, Contractor warrants, under penalty of perjury, that its bid was arrived at independently and
without collusion aimed at restricting competition. Contractor further warrants that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the Authority a non-collusive bidding certification on Contractor's behalf.

7. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of this contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership, or corporation has participated, is participating, or shall participate in an international boycott in violation of the Federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the Authority within five (5) business days of such conviction, determination or disposition of appeal.

8. SET-OFF RIGHTS. The Authority shall have rights of set-off. These rights shall include, but not be limited to, the Authority's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing by the Contractor to the Authority with regard to this contract, or any other contract with the Authority, including any contract for a term commencing prior to the term of this contract. This also includes amounts due and owing the Authority for any other reason including, without limitation, monetary penalties, adjustments, fees, or claims for damages by the Authority and third parties in connection therewith.

9. RECORD-KEEPING REQUIREMENT. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts or other evidence directly pertinent to performance under this contract (the “Records”) for a period of six (6) years following final payment or to the termination of this contract, whichever is later, and any extensions thereto. The Authority and Attorney General or any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to such Records during the contract term, extensions thereof and said six (6) year period thereafter for the purposes of inspection, auditing and copying. “Termination of the contract”, as used in this clause 9, shall mean the later of completion of the work of the contract or the end date of the term stated in the contract. The Authority shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the “Statute”) provided that: (i) the Contractor shall timely inform the Authority’s Executive Director with a copy to its Records Access Officer, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the Authority's right to discovery in any pending or future litigation.

10. LIABILITY. Contractor shall be responsible for all damage to life and property due to negligent or otherwise tortious acts, errors or omissions of Contractor, in connection with their services under this contract. Further, it is expressly understood that Contractor shall indemnify and save harmless the Authority and/or the State of New York, as their interests may appear, from claims, suits, actions, damages, and costs of every name and description resulting from the negligent performance of the services of Contractor under this contract, and such indemnity shall not be limited by reasons of enumeration of any insurance coverage herein provided.

11. GOVERNING LAW. This contract shall be governed by the laws of the
State of New York except where the Federal Supremacy clause requires otherwise.

12. **LATE PAYMENT.**
Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Public Authorities Law Section 2880 and 21 NYCRR Pt 207.

13. **NO ARBITRATION.**
Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized) but must, instead, be heard in a court of competent jurisdiction of the State of New York.

14. **SERVICE OF PROCESS.** In addition to the methods of service allowed by the State Civil Practice Law & Rules, Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. (b.) Privacy Notification:

(1.) The authority to request the above personal information from a seller of goods or services, or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses, and others who have been delinquent in filing tax returns or may have understated their tax liabilities, and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes, and for any other purpose authorized by law.

(2.) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. This information is maintained in New York State's Central Accounting System by the Director of State Accounts, Office of the State Comptroller, AESOB, Albany, New York 12236.

17. **PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS.** The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of New York State Finance Law §165. (Use of Tropical Hardwoods) which prohibits purchase and use of tropical
hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the Contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in Section 165 of the New York State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

Upon such finding, the Authority may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of the Contract.

21. ETHICS. During the term of this Agreement, the Contractor shall not engage any person who is or has been at any time in the employ of the Authority or New York State to perform services under the Agreement, without the consent of the Authority. The Authority may request that the Contractor provide it with whatever information the Authority deems appropriate about such person’s engagement, work cooperatively with the Authority to solicit advice from the New York State Commission on Public Integrity or other body having jurisdiction, and if deemed appropriate by the Authority, instruct such person to seek the opinion of the New York State Commission on Public Integrity. The Contractor agrees that any such employee assigned to perform services under this Agreement shall be assigned in accordance with the provisions of the New York State Public Officers Law and any other laws, rules, regulations, guidelines or policies applicable to the service of current or former Authority or New York State employees. Further, during the term of the Agreement, no person who is employed by the Contractor and who is disqualified from providing services under the Agreement pursuant to the New York State Public Officers Law or any other applicable laws, rules, regulations, guidelines or policies may share in any net revenues the Contractor derives from the Agreement. The Authority shall have the right to cancel or terminate this Agreement at any time if any work performed under the Agreement is in conflict with the provisions of the New York State Public Officers Law, other laws applicable to the service of current or former Authority or New York State employees, and/or the rules, regulations, guidelines or policies promulgated or issued by the New York State Commission on Public Integrity.

26. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law, Section 899-aa; State Technology Law Section 208).

27. NO WAIVER OF PROVISIONS. No waiver by the Authority of any right or remedy under this contract shall be effective unless made in a writing duly executed by an authorized officer of the Authority, and such waiver shall be limited to the specific instance so written and shall not constitute a waiver of such right or remedy in the future or of any other right or remedy under this contract.

28. ENTIRE AGREEMENT. This contract, together with this Exhibit, constitutes the entire understanding between the parties and there are no other oral or extrinsic understandings of any kind between the parties. This contract may not be changed or modified in any manner except by a subsequent writing, duly executed by the parties hereto.

29. PAYMENT REPORTING. PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO NEW YORK STATE BRIDGE AUTHORITY CONTRACTS: REQUIREMENTS AND PROCEDURES

I. General Provisions

A. The New York State Bridge Authority ("NYSBA") is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all NYS Bridge Authority contracts as defined therein, with a value (1) in excess of $25,000 for labor, services, including legal, financial and other professional services, supplies, equipment, materials, or any combination of the foregoing, or (2) in excess of $100,000 for the acquisition, construction, demolition, replacement, major repair, or renovation of real property and improvements thereon. Where NYSBA enters into a contract with a total expenditure in excess of two hundred and fifty thousand dollars ($250,000) contractors shall submit company workforce diversity data to NYSBA prior to execution of the subject contract.

B. The Contractor to the subject contract (the “Contractor” and the “Contract,” respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the NYSBA, to fully comply and cooperate with the NYSBA in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBEs"). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 and Executive Law § 313(7) shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, state or local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Appendix or enforcement proceedings as allowed by the Contract.

II. Contract Goals

A. The NYSBA has established an overall goal of 30% for MWBE participation, 12% for Minority-Owned Business Enterprises ("MBE") participation and 18% for Women-Owned Business Enterprises ("WBE") participation. Pursuant to Executive Law § 313(4) the NYSBA may, however, evaluate each contract to determine the appropriateness of the overall goal, which may be reduced if it is determined to be unattainable due to the lack of certified MWBE’s available in the major bridge repair and maintenance business (based on the current availability of qualified MBEs and WBEs).
B. For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract Goals established in Section II-A hereof, Contractor should reference the directory of New York State Certified MBWEs found at the following internet address: [http://www.esd.ny.gov/mwbe.html](http://www.esd.ny.gov/mwbe.html).

Additionally, Contractor is encouraged to contact the Division of Minority and Woman Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200)) to discuss additional methods of maximizing participation by MWBEs on the Contract.

C. Where MWBE goals have been established herein, pursuant to 5 NYCRR § 142.8, Contractor must document “good faith efforts” to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract. In accordance with Section 316-a of Article 15-A and 5 NYCRR § 142.13, the Contractor acknowledges that if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding constitutes a breach of contract and the Contractor shall be liable to the NYSBA for liquidated or other appropriate damages, as set forth in the Contract.

III. Equal Employment Opportunity (EEO)

A. Contractor agrees to be bound by the provisions of Article 15-A and the MWBE Regulations promulgated by the Division of Minority and Women's Business Development of the Department of Economic Development (the “Division”). If any of these terms or provisions conflict with applicable law or regulations, the contracting agency shall waive the applicability of these requirements to the extent of such conflict.

B. Contractor shall comply with the following provisions of Article 15-A:

1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.

2. The Contractor shall submit an EEO policy statement to the NYSBA within seventy two (72) hours after the date of the notice by the NYSBA to award the Contract to the Contractor.

3. The Contractor’s EEO policy statement shall include the following language:

   (a) The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, and will undertake or continue existing EEO
Appendix B

programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) The Contractor shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.

c) The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

d) The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

e) The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 3 and Paragraph “E” of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

C. NYSBA EEO – Form 100 – Staffing Plan

Prior to the award of this Contract, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. Contractors shall complete the Staffing plan form and submit it within a reasonable time, but no later than the time of award of the contract.

D. NYSBA EEO – Form 200 - Workforce Employment Monthly Utilization Report

1. Once a contract has been awarded and during the term of the Contract, Contractor is responsible for updating and providing notice to the NYSBA of any changes to the previously submitted Staffing Plan. This information is to be submitted on a monthly basis during the term of the contract to report the actual workforce utilized in the performance of the contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Workforce Report must be submitted to report this information.
2. Separate forms shall be completed by Contractor and any subcontractor performing work on the Contract.

3. In limited instances, Contractor may not be able to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce. When a separation can be made, Contractor shall submit the Workforce Report and indicate that the information provided relates to the actual workforce utilized on the Contract. When the workforce to be utilized on the contract cannot be separated out from Contractor's and/or subcontractor's total workforce, Contractor shall submit the Workforce Report and indicate that the information provided is Contractor's total workforce during the subject time frame, not limited to work specifically under the contract.

E. Contractor shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of an individual’s age, race, creed (religion), color, sex, national origin, sexual orientation, military status, sex, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. NYSBA MWBE – Form 100 – Utilization Plan

A. As required by Executive Law § 313(5), the Contractor represents and warrants that Contractor has submitted an MWBE Utilization Plan prior to the execution of the contract. Additionally, prior to award, the Contractor must submit its MWBE Utilization Plan online through the Statewide Utilization Management Plan (SUMP) module of the New York State Contracting System (NYSCS) website at https://ny.newnycontracts.com/.

B. Contractor agrees to use such MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in Section II-A of this Appendix. The Contract shall attempt, in good faith, to utilize the enterprises identified within the Utilization Plan at least to the extent indicated.

C. Contractor further agrees that a failure to submit and/or use such MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, the NYSBA shall be entitled to any remedy provided in the Contract, including but not limited to, a finding of Contractor non-responsiveness.

D. The Contractor’s good faith efforts shall be determined pursuant to Executive Law § 313(7).
V. Waivers pursuant to Executive Law § 313(6) - Request for Waiver - MWBE- Form 200

A. For Waiver Requests Contractor should use MWBE - Form 200 - Waiver Request.

B. If the Contractor, after making good faith efforts, is unable to comply with MWBE goals, the Contractor may submit a Request for Waiver form documenting good faith efforts by the Contractor to meet such goals and setting forth the reasons for such Contractor’s inability to meet any or all of the participation requirements. If the documentation included with the waiver request is complete, the NYSBA shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.

C. The NYSBA shall review the waiver application in accordance with the criteria set forth in Executive Law § 313(6) and (7).

D. If, upon review of the MWBE Utilization Plan and updated Quarterly MWBE Contractor Compliance Reports, the NYSBA determines that Contractor is failing or refusing to comply with the Contract goals and no waiver has been issued in regards to such non-compliance, the NYSBA may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE Contract Goals.

VI. Monthly MWBE Participation Performance Report, MWBE - Form 300

Contractor is required to submit a Monthly MWBE Contractor Compliance Report (Form MWBE-300) to the NYSBA by the 10th day following the last day of each month over the term of the Contract documenting the progress made towards achievement of the MWBE goals of the Contract.

VII. Liquidated Damages - MWBE Participation

A. In accordance with Executive Law § 316-a and 5 NYCRR § 142.13, where the NYSBA determines that Contractor is not in compliance with the requirements of the Contract and Contractor refuses to comply with such requirements, or if Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, Contractor shall be obligated to pay to the NYSBA liquidated damages.

B. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by the NYSBA, Contractor shall pay such liquidated damages to the NYSBA within sixty (60) days after they are assessed by the NYSBA unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Woman Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law in which event the liquidated damages shall be payable if Director renders a decision in favor of the NYSBA.

Contractor and Vendor Facility Access Policy

The following policy shall be applicable to all contractors and vendors working on Authority facilities.

All contractors working on New York State Bridge Authority property are required to make their presence known prior to beginning work daily. The duration and location at the facility of the contractor’s work shall determine what access privileges will be granted and the process the Authority will follow.

Contractors, vendors, their employees and/or their assigns who access any non-public area or property of the Authority without prior authorization are subject to prosecution at the discretion of the Executive Director or his or her designee.

No less than 24 hours prior to the commencement of non-emergency work a contractor/vendor access form, Appendix A, must be completed and submitted to both the Bridge Office and the Command Center by the responsible Department Director. The Bridge Manager will be responsible for selecting the appropriate level of access to be granted for any emergency work in which 24 hour notice is not received.

The Director of Operations and Security or their designee shall at any time conduct a field inspection of any employees present on any project.

All contractors will be assigned one of the following levels for secure access to work at the site. All contractors and vendors will be required to acknowledge the policy and their obligations under the policy.

This policy does not apply to general delivery drivers who access non-secured parts of our facility for short periods of time.

Level 1: Non-Sensitive and Non-Critical Area Access on a Short Term basis

All Level 1 Contractors and Vendors working on Authority property in non-critical or non-sensitive areas, must be signed in at the respective Authority Office each day and sign out when finished. The Bridge Office (or Headquarters or Operations buildings, as appropriate) will be responsible for logging the Contractor in and noting the level of access in the log entry.

Short-term work is generally defined as lasting less than 3 weeks in a calendar year or as defined by the Executive Director or their designee.

A non-sensitive or non-critical area is generally defined as areas accessible to the public or to all employees such as non-gated parking areas, restrooms, exterior toll plazas, copy areas, vending machine...
locations, kitchens, and office work space during normal business hours. Note that a courier or delivery driver is not considered a Contractor or Vendor for purposes of this policy.

The contractor/vendor must present a valid government issued photo ID for each person who has arrived on site and the following information must be logged:

a. Date
b. Time (arrival and departure)
c. Contractor/Vendor Employee Name
d. Photo ID type and number
e. Vehicle Make, Model, and License Plate Number
f. Company
g. Location on facility they are working
h. NYSBA Director responsible for Contractor/ Vendor
i. Level of access

Once the Contractor/Vendor is logged into the facility and their access permissions are verified, the bridge office will issue them a temporary Contractor/Vendor identification card for each employee and a parking placard for their vehicle. The temporary identification cards and parking placard will be generic in format and not individualized photo ID's. These generic ID’s will be issued to the facilities by the Administration Department. The Contractor/Vendor must have these visible on their person at all times while on Authority property.

Once work is complete, the Contractor/Vendor will return these items to the bridge office. Failure to return the ID may potentially lead to a withholding of final payment

**Level 2: Sensitive and Critical Area Access Short Term (Less than 30 Days)**

All Level 2 Contractors/Vendors accessing Authority areas that are deemed to be sensitive or critical to the Authority’s operations must be escorted by an Authority employee or inspection consultant for the duration of their work. This escort is to be arranged by the Departmental Director, or their designee, who is in charge of the work.

Short-term work is generally defined as lasting less than 3 weeks in a calendar year or as defined by the Executive Director or their designee.

The contractor/vendor must present a valid government issued photo ID for each person who has arrived on site and the following information must be logged prior to the escort leading the contractor/vendor to the work area:

a. Date
b. Time (arrival and departure)
c. Contractor/Vendor Employee Name
d. Photo ID type and number
e. Vehicle Make, Model, and License Plate Number
Once the Contractor/Vendor is logged into the facility and their access permissions are verified, the bridge office will issue them a temporary Contractor/Vendor identification card for each employee and a parking placard for their vehicle. The temporary identification cards and parking placard will be generic in format and not individualized photo ID’s. These generic ID’s will be issued to the facilities by the Administration Department. The Contractor/Vendor must have these visible on their person at all times while on Authority property.

Once work is complete, the Contractor/Vendor will return these items to the bridge office. Failure to return the ID may potentially lead to a withholding of final payment.

**Level 3: Non-Sensitive and Non-Critical Area Access on an Intermittent or Long Term Basis and/or Multi-Facility**

A non-sensitive or non-critical area is generally defined as areas accessible to the public or to all employees such as non-gated parking areas, restrooms, exterior toll plazas, copy areas, vending machine locations, kitchens, and office work and utility space during normal business hours. Note that a courier or delivery driver is not considered a Contractor or Vendor for purposes of this policy.

Intermittent or Long Term work is defined as work generally lasting greater than 3 weeks of consecutive work or intermittent work expected to last greater than 3 weeks in a calendar year; or as defined by the Executive Director or their designee.

The Departmental Director will notify the Director of Administration that Authority photo ID must be issued to a contractor or vendor for access to sensitive or critical areas of Authority property via the Appendix A Form. 24 hour notice should be provided by the Director in charge of the job.

1. The Contractor/Vendor must appear at the Headquarters building and provide the following information to be logged into the Contractor/Vendor ID Database:
   a. Name
   b. Company
   c. Photo ID and number
   d. Vehicle Make, Model, and License Plate Number
   e. Location on facility they are working
   f. NYSBA Director responsible for Contractor/ Vendor
   g. Expected Duration of Project
h. Vendor access level

2. The Director of Administration or their designee shall issue the ID to the Contractor/Vendor.

3. The Director of Administration will notify each facility, the Department in charge of the work, and the Command Center that the Contractor/Vendor’s clearance level and work area has been designated.

4. After the ID is issued, the Contractor/Vendor may go to the site and at the site present the valid NYSBA ID for each person who has arrived on site and the following information must be logged by bridge staff into the Event Logger:
   a. Date
   b. Time (arrival and departure)
   c. Contractor/Vendor Employee Name
   d. Photo ID type and number
   e. Vehicle Make, Model, and License Plate Number
   f. Company
   g. Location on facility they are working
   h. NYSBA Director responsible for Contractor/Vendor
   i. Vendor access level

5. The ID’s are valid for 1 year from the date of issuance or the end of the contract or work order; whichever comes first. It is the responsibility of the Director in charge of the work to ensure the Contractor returns the ID to the Administration Department with failure to return the ID potentially leading to a withholding of final payment.

Level 4: Long Term Projects in Sensitive or Critical Area Access on an Intermittent and/or Long Term Basis and/or Multi-Facility without an Inspecting Engineer

Contractors working on Authority facilities on inspected projects, long term projects, or deemed by the Departmental Director to be critical or sensitive in nature and requiring another level of access control, must be certified by either Secure Workers Access Consortium (SWAC) or Transportation Workers Identification Credential (TWIC).

Intermittent or Long Term work is defined as work generally lasting greater than 3 weeks of consecutive work or intermittent work expected to last greater than 3 weeks in a calendar year; or as defined by the Executive Director or their designee.

If the Contractor/Vendor is deemed by the Authority to require this type of clearance prior to commencing work, the requirements shall be written into the contract and/or work order. Because there is no inspecting engineer on the job, the Contractor/Vendor must also obtain an Authority issued ID.
The Departmental Director will notify the Director of Administration that Authority photo ID must be issued to a contractor or vendor for access to sensitive or critical areas of Authority property via the Appendix A Form. 24 hour notice should be provided by the Director in charge of the job.

1. The Contractor/Vendor must appear at the Headquarters building and provide the following information to be logged into the Contractor/Vendor ID database:
   a. Name
   b. Company
   c. Photo ID and number
   d. Vehicle Make, Model, and License Plate Number
   e. Location on facility they are working
   f. NYSBA Director responsible for Contractor/Vendor
   g. Expected Duration of Project
   h. Vendor access level

2. The Director of Administration or their designee shall issue the ID to the Contractor/Vendor.

3. The Director of Administration will notify each facility, the Department in charge of the work, and the Command Center that the Contractor/Vendor’s clearance level and work area has been designated.

4. After the ID is issued, the Contractor/Vendor may go to the site and at the site present the valid NYSBA ID for each person who has arrived on site and the following information must be logged:
   a. Date
   b. Time (arrival and departure)
   c. Contractor/Vendor Employee Name
   d. Photo ID type and number
   e. Vehicle Make, Model, and License Plate Number
   f. Company
   g. Location on facility they are working
   h. NYSBA Director responsible for Contractor/Vendor
   i. Vendor access level

5. The ID’s are valid for 1 year from the date of issuance. It is the responsibility of the Director in charge of the work to ensure the Contractor returns the ID to the Administration Department with failure to return the ID potentially leading to a withholding of final payment.

**Level 5: Sensitive or Critical Area Access on an Intermittent and/or Long Term Basis and/or Multi-Facility with an Inspecting Engineer**

Contractors working on our facilities on inspected projects, long term projects, or deemed by the Departmental Director to be critical or sensitive in nature and requiring another level of access control, must be certified by either Secure Workers Access Consortium (SWAC) or Transportation Workers Identification Credential (TWIC).
Intermittent or Long Term work is defined as work generally lasting greater than 3 weeks of consecutive work or intermittent work expected to last greater than 3 weeks in a calendar year; or as defined by the Executive Director or their designee.

If the Contractor/Vendor is deemed by the Authority to require this type of clearance prior to commencing work, the requirements shall be written into the contract and/or work order.

For Employees who park within the Contractor’s Secured Area, no NYSBA parking pass is required.

The Inspecting Engineer on any long term project will be responsible for checking the daily work roster against the SWAC/TWIC list to verify each employee has had a background check conducted, and is current with their membership. If they are not current, the Contractor/Vendor will be notified and the employee removed from the site until their certification has been updated.

The following policy applies to Contractors/Vendors working on long term projects and projects inspected by our independent engineers:

1. Each day the Contractor/Vendor is working on Authority facilities that meet the above criteria, the Contractor/Vendor must submit a list of all employees expected to work on the project to our Inspecting Engineer. This list will be used to verify that all workers on site have either SWAC/TWIC certification. This list shall contain the following information:
   a. Full Legal Name
   b. Date of Birth
   c. SWAC/TWIC identification number

2. This list shall also be submitted to the Command Center and Bridge office for verification of who is on site at all times work is being conducted. The Command Center and Bridge office will be responsible for logging that they have received this list in the Event Logger.

**Keys and Facility Access by Contractors**

No contractor may keep their own locks on any part of the Authority’s facility without designated Authority personnel having an access key. The contractor shall have no expectation that their equipment will not be accessible to Authority personnel for any reason when it is on Authority property. The Authority will not be responsible for any damage to equipment left on Authority property.

Only crew foreman and those designated by the lead contractor will be assigned keys to access portions of our facilities and only for the areas in the purview of their assigned work. There will be a log kept by the bridge office and updated daily for the keys issued including the following information - date, time, name, photo ID type and number, vehicle information, company they work for, and where/what on the facility they will be working on, and the key number given to the employee.

*Note that the Authority reserves the right to deny or revoke access to any contractor and/or contractor’s employee for any reason. Additionally, the Executive Director or their designee has the right to add or subtract requirements for any facility as necessary while ensuring the safety and security of our facilities.*
